History of ICS

The Coastal Education & Research Foundation (CERF) and the Journal of Coastal Research (JCR) have been organizing the International Coastal Symposium since 1990, with the first meeting in Skagen, Denmark. Local hosts and organizers cooperate under the umbrella of CERF-JCR to provide meeting venues, agendas and field excursions.

Proceedings of the ICS traditionally appear as printed volumes in special issues of the JCR. The proceedings are sent to the Thomson Reuters Web of Science (formerly ISI Web of Knowledge) for abstracting and electronic searches on the web.

Prior meetings

- **1st ICS**: Skagen, Denmark (Hosted by Per Bruun and N. Kingo Jacobsen, ICS1990; JCR Special Issue No. 9)
- **5th ICS**: Palm Beach, Florida (Hosted by Charlie Finkl and Per Bruun, ICS1998; JCR Special Issue No. 26)
- **10th ICS**: Lisbon, Portugal (Hosted by Carlos Pereira da Silva, ICS2009; JCR Special Issue No. 56)
- **12th ICS**: Plymouth, United Kingdom (Hosted by Gerd Masselink, ICS2013; JCR Special Issue No. 65)
- **13th ICS**: Durban, South Africa (Hosted by Andrew Cooper and Andrew Green, ICS2014; JCR Special Issue No. 70)
- **14th ICS**: Sydney, Australia (Hosted by Ana Vila-Concejo, ICS2016; JCR Special Issue No. 75)

Sponsorship

Sponsorship opportunities are available for your organization to be part of ICS2018.

For a sponsorship prospectus

About KIOST

Korea Institute of Ocean Science & Technology (KIOST) is a government affiliated research institution tasked with discovering new scientific knowledge about the ocean. We strive to develop cutting-edge scientific technology and to cultivate talented next-generation human resources for our better life and sustainable ocean development.

KIOST also advises Korean government concerning the research and development of marine science and technology.

- **Address**: 787 Haean-ro Sangnok-gu, Ansan-si, Gyeonggi-do, 15627, Republic of Korea
- **TEL**: (+82)31-400-6000
- **E-mail**: kiost@kiost.ac.kr
- **Website**: www.kiost.ac.kr

About KSCDP

Korean Society of Coastal Disaster Prevention (KSCDP) aims at improving the safety and welfare of the people securing and preserving the coast from coastal disasters and seeking ways to keep maintenance of the coast. KSCDP is developing an academic and practical coastal disaster prevention method through active contribution and participation among people to exchange comprehensive knowledge and response to the disaster of the coast.

- **Address**: A-114, College of Engineering, Konkuk University, 120 Neungdong-ro, Seongbuk-gu, Seoul 05029, Republic of Korea
- **TEL**: (+82)2-444-7494
- **E-mail**: kscdp@kscdp.or.kr
- **Website**: www.kscdp.or.kr

Welcome to 15th International Coastal Symposium 2018

“The symposium is organized in Busan, Korea from 13th to 18th May, 2018”

It is with great pleasure that we invite you to the International Coastal Symposium (ICS2018), to be held from Sunday 13th – Friday 18th May 2018 at the Haeundae Grand Hotel, Haeundae beach, Busan, Republic of Korea. The theme is ‘Safe Coasts Beyond Climate Change and Coastal Development’

The International Coastal Symposium (ICS) is now in its 15th edition and this is the first time in Asia.

The Symposium is co-hosted by Korea Institute of Ocean Science & Technology (KIOST) and Korean Society of Coastal Disaster and Prevention (KSCDP), under the auspices of the Coastal Education and Research Foundation (CERF) and the Journal of Coastal Research (JCR).

The ICS brings together delegates from all over the world to collaborate and discuss the most current coastal research studies and projects. The proceedings of the conference, published as peer-reviewed papers in the Journal of Coastal Research, represent an invaluable resource for coastal scientists, engineers and managers.

Local Organizer of ICS2018

1. Dr. Jae-Seol Shim, Chairman of ICS2018
   - Principal Research Scientist of KIOST
   - President of KSCDP

2. Dr. Insik Chun, Co-Chairman of ICS2018
   - Professor of Konkuk University
   - Former President of KSCDP

3. Dr. Hak-Soo Lim, Secretary of ICS2018
   - Principal Research Scientist of KIOST

Call for Abstracts

The ICS2018 International Scientific Committee invites authors to submit an abstract for either an oral or poster presentation.

Themes
The conference theme is ‘Safe Coasts Beyond Climate Change and Coastal Development’.

- Rivers and Estuaries
- Tidal inlets
- Dunes, Beaches and Coasts
- Coastal Biology and Ecology
- Coastal Geology
- Continental shelves and slopes
- Coral reefs
- Blue carbon

- Climate and Sea level change
- Coastline and Estuarine evolution
- Coastal hazards
- Hydrodynamics
- Coastal engineering
- Marine renewable energy
- Coastal management
- Managing the coasts of Busan

ICS2020 Seville: Coastal Research in the confluence of the Mediterranean and Atlantic

Haeundae Grand Hotel is located at Haeundae beach in Busan, the southeastern end of the Korean Peninsula.

The Haeundae Beach, a famous beach, has an approximately 1.6km long and 70m wide coastline.

Busan, a city thriving with talent, technology and culture with about 3.6 million residents is a perfect example of harmony between mountains, rivers and sea. Its geography includes a coastline with superb beaches, scenic cliffs, and mountains which provide excellent hiking, extraordinary views, and hot springs scattered throughout the city. Busan enjoys four distinct seasons and a temperate climate that never gets too hot nor too cold.

We look forward to welcoming you to Haeundae beach, Busan for ICS2018.
